

Kensol 56

6 TON AIR-OPERATED ROLL LEAF STAMPING PRESS

The 56 is a new design to replace the 4 and 6 ton Kensol 60 press. This medium-high pressure range, cast iron, C frame toggle machine utilizes one main air cylinder running down the center of the casting to eliminate frame twist. The 56 has a deep throat, yet can stamp items up to 6 inches high. Higher parts can be accommodated on the Kensol 156 (over).

FEATURING

- Cast iron, dimensionally stable, C frame construction
- Double toggle head drive automatically compensates for thickness variations
- 3 inch head stroke for ease of feeding
- Accepts items up to 6 inches high
- Ground steel work table slides out when makeready is required
- Electrical control panel with plug-in solid state heat controller and electronic dwell timer
- Setup switch on control panel
- Hand lever included to bring head down manually for setup, if desired
- OSHA approved two hand switches
- Air filter, pressure regulator and automatic lubricator included
- Multiple feed roll leaf attachments available
- Both head and roll leaf attachment have adjustable speed valves
- Delay valve on roll leaf feed aids stripping action
