

Kensol 165H

10 TON

AIR-OPERATED

ROLL LEAF

STAMPING PRESS

The 165H is the most versatile standard vertical stamper in the Kensol line. It can develop 10 tons of pressure and has the opening to accept high items such as beverage cases, TV and radio cabinets, etc. Table ram spacer blocks (shown in photo) are provided so that machine can also be used for flat work. Heads up to 22" x 34" have been provided for larger impression areas (TV bezels, etc.). If you require more power than 10 tons, Kensol will gladly quote on special four-post hydraulic machines.

FEATURING

- Cast iron, dimensionally stable C frame construction
- Double toggle head drive automatically compensates for thickness variations
